Madera County 1% Manual Tally

Per Elections Code Section 15360, 1% of precincts must be hand tallied to determine that the voting system is reading and tabulating votes correctly. To determine 1% of the precincts, divide the total number of precincts including mail ballot precincts, by 100. For November 6, 2012, there were 96 precincts, which means that .96 or 1 precinct must be fully counted. Additionally, one precinct must be counted for each contest that is on the ballot. As such, additional precincts are randomly selected for each contest that is not included in the initial count. For November 2012, three additional precincts were tallied for individual contests. Votes cast in those precincts listed below were tallied including Vote-By-Mail ballots and Precinct Ballots.

Precinct 1307 (100%)

Vote by Mail Ballots: Did not balance on first pass. After review of ballot cards, it was determined that voters used the incorrect marking device and the marks were not read by the card readers. Said cards were duplicated and counts balanced on second pass.

Precinct Ballots: Balanced on first pass.
