**"BLACKWATER MERCENARIES ARE SOME OF THE MOST FEARED PROFESSIONAL KILLERS IN THE WORLD AND THEY ARE ACCUSTOMED TO OPERATING WITHOUT WORRY OF LEGAL CONSEQUENCES"**

**JEREMY SCAHILL**

*Jeremy will speak about Blackwater, a firm that has proposed an 824-acre military-style training camp near Potrero, San Diego county. Proposed location borders on the Cleveland National Forest, and is a sensitive habitat for eagles, condors, and other wildlife, and is an important watershed.*

***Now, even our military is being outsourced to corporations who will sell military might to the highest bidder.***

*"...out of the rubble of New Orleans and other devastated areas, we're seeing a model for disaster profiteering that is emerging – similar to war profiteering that we've seen happen in Afghanistan, Iraq, the Balkans.... We are getting a glimpse of part of the future for this country, that so many people live as their present. It gives us a window into declarations of martial law, the wiping out of posse comitatus--which prohibits federal forces from operating as domestic law enforces on U.S. soil."*
