PLANNING GROUP/SPONSOR GROUP PROJECT REVIEW

Board Policy I-1 states; "groups may advise the appropriate boards and commissions on discretionary projects as well as on planning and land use matters important to the community." The Department of Planning and Land Use (DPLU) has received an application for the project referenced above and requests your Group's input regarding the above project.

The Department of Planning and Land Use requests that your group initially evaluate the project for the following:

- The completeness and accuracy of the Project Description
- Issues of concern in the project vicinity
- Consistency with the community character
- Potential inconsistencies with your Community Plan
- Specific concerns regarding project design, planning or environmental issues (e.g., traffic, biology, archaeology, noise)

In the next day or two, the DPLU Project Manager will advise your Group Chair of:

- The environmental document and public review is anticipated on this project
- Whether or not a formal project recommendation is desired by the Department at this time

If environmental documents are circulated, your group will have an opportunity to comment on the environmental document and make a final recommendation on the project to DPLU. The DPLU final recommendation of the project will be made at a later date.

PLEASE ENSURE THAT THE PROJECT APPLICANT'S POINT OF CONTACT (AS SHOWN ON THE ATTACHED APPLICATION) IS MADE AWARE OF THE DATE AND TIME OF YOUR SCHEDULED HEARING AS FAR IN ADVANCE AS POSSIBLE.
