

# **East County Democratic Club**

*A Progressive Civic Organization representing the East County since 1965*

PO Box 252, El Cajon, CA 92022

September 25, 2006

Kathie Rutledge  
City Clerk  
City of El Cajon  
200 E. Main St.  
El Cajon, CA 92020

Dear Kathie:

According to City Policy A-25, all programming placed on the Government Access channel 24 is to be logged on a daily basis (see page 4 of 5 of the policy). We would like to review the programming that has been broadcast, including content of all bulletin board frames that have been placed on the channel (We do not need to review the images at this time, just the textual content is sufficient). We require this information to ensure that the programming that has been broadcast meets the requirements of City policy A-25 and all applicable FCC regulations.

We don't want our request to be difficult to respond to, so we don't want to ask for more than is easily provided, but our initial suggestion is to provide logs from the last 30 days. Certainly, if there is any fee to copy this material so we can review it, we would be happy to pay those reasonable copying fees (I think the normal fee has been \$0.04 per page.)

Because we are in an election season, it is essential that this information be returned to us as soon as reasonably possible. Please call me immediately at 619-820-5321 if there are any questions or difficulty in fulfilling this request as described above so we may modify the request to meet the realities of your logging procedures. If the information is in electronic form, please send it via email to [raylutz@EastCountyDemocraticClub.org](mailto:raylutz@EastCountyDemocraticClub.org)

Warm personal regards,

Raymond Lutz  
President  
East County Democratic Club
