MEMORANDUM

To: All Nevada Clerks & Registrars
From: Mark Wlaschin, Deputy Secretary of State for Elections
Date: October 21, 2024
Subject: Memo 2024-033 – 2024 General Election Risk-Limiting Audit

The following guidance is provided to clarify the details surrounding the offices to be audited during the Risk-Limiting Audit (RLA) conducted pursuant to [NRS 293.394](#) and adopted regulation [R-011-23](#) following the 2024 general election.

In addition to the randomly selected office, it is strongly recommended that the office of the President and Vice President also be included in the Risk Limiting Audit for the 2024 General Election to increase voter confidence in the results of the election.

STATEWIDE OFFICE SELECTED	United State President and Vice President
STATEWIDE OFFICE RANDOMLY SELECTED	Justice of the Supreme Court, Seat G

Description of method used to randomly select the race to be used:

The full list of judicial and non-judicial candidates for statewide offices are assigned numbers 1 through X until all candidates have an assigned number. The website random.org is used to determine the statewide candidate to be selected and whichever office that candidate is running for will be the race used for the RLA.

2024 General Election
Statewide List of Candidates - RLA Selection

Numbered	Candidate Name	Name on Ballot	Party or Nonpartisan Office	Office Sought
1	Sam Brown	Brown, Sam	Republican Party (REP)	United States Senator
2	Christopher Cunningham	Cunningham, Chris	Libertarian Party of Nevada (LPN)	United States Senator
3	Janine Hansen	Hansen, Janine	Independent American Party (IAP)	United States Senator
4	Jacklyn Sheryl Rosen	Rosen, Jacky S.	Democratic Party (DEM)	United States Senator
5	Elissa Cadish	Cadish, Elissa	Nonpartisan office (NP)	Justice Of The Supreme Court, Seat C
6	Patricia Lee	Lee, Patty	Nonpartisan office (NP)	Justice Of The Supreme Court, Seat F
7	Lidia Stiglich	Stiglich, Lidia	Nonpartisan office (NP)	Justice Of The Supreme Court, Seat G

As shown above, there were 7 candidates, and when the "Get Numbers" was selected, the random number provided was 7. This indicates that the RLA would use whatever office the 7th candidate is running for that race will be selected for this example.

Random Integer Generator

This form allows you to generate random integers. The randomness comes from atmospheric noise, which for many purposes is better than the pseudo-random number algorithms typically used in computer programs.

Part 1: The Integers

Generate random integers (maximum 10,000).

Each integer should have a value between and (both inclusive; limits $\pm 1,000,000,000$).

Format in column(s).

Part 2: Go!

Be patient! It may take a little while to generate your numbers...

Need more numbers than this form supports? Check out our [File Generation Service](#).

Note: The numbers generated with this form will be picked independently of each other (like rolls of a die) and may therefore contain duplicates. There is also the [Sequence Generator](#), which generates randomized sequences (like raffle tickets drawn from a hat) and where each number can only occur once.
