

What is the reason (basis) for your claim of employment discrimination?

FOR EXAMPLE, if you are over the age of 40 and feel you were treated worse than younger employees or you have other evidence of discrimination, you should check AGE. If you feel that you were treated worse than those not of your race or you have other evidence of discrimination, you should check RACE. If you feel the adverse treatment was due to multiple reasons, such as your sex, religion and national origin, you should check all three. If you complained about discrimination, participated in someone else's complaint or if you filed a charge of discrimination and a negative action was threatened or taken, you should check RETALIATION.
