## STOP BLACKWATER RALLY / MARCH /ENCAMPMENT

Blackwater USA plans to build a training facility, "Blackwater West," in Potrero, CA, a small community in San Diego County 45 miles east of San Diego City. The environmental impacts will be enormous and long lasting, including loss of habitat, depletion of a fragile and shrinking water table, groundwater pollution and much more. People living in Potrero will also be subject to noise, traffic, and disruption to their quiet way of life.

Blackwater is one of the most powerful and secretive forces to emerge from the US military-industrial complex and one of the greatest beneficiaries of the Iraq occupation and "war on terror."

Destroying communities for profit at the expense of the environment must stop! Profiting from war must stop!

Help us to STOP BLACKWATER by joining us on this event! (SIGN OUR PETITION TOO!)
