Veterans Service Officer

Results of the Manual Tally of Votes Cast In the November 4, 2014 Consolidated General Election

Per California Elections Code §15360, 1% of randomly selected precincts and 1% of randomly selected vote by mail ballots cast in the election are required to be hand tallied to verify the accuracy of the voting system tabulation. Also, conditional re-approval by the Secretary of State of the county's accessible touch screen voting units requires a 100% manual tally of all votes cast on the units.

The public was noticed on October 24, 2014 that the random selection of precincts and batches would occur on November 5, 2014 at 9 a.m. and the manual tally of the ballots would commence following the random selection. The random selection was accomplished by blindly drawing strips of paper with precinct numbers printed on them. The tally began on November 10, 2014 and was completed on November 24, 2014.

One-percent of the 84 polling place precincts in the election equates to 1 precinct. One-percent of the 33,928 vote by mail ballots counted on or before election day equates to 340 ballots. Traditionally, El Dorado County draws additional random precincts to include ballots from each supervisorial district, city and state assembly district thus exceeding the legal requirement. Additional precincts and batches were drawn to include contests not present in the original selection(s).

A handwritten signature in black ink, appearing to read "William E. Schultz", is written over a horizontal line.

WILLIAM E. SCHULTZ
Recorder-Clerk-Registrar of Voters

Touch Screen Ballots

A total of 6 ballots were cast on the accessible touch screen voting devices (DRE's) throughout the county.
The manual tally of the results balanced for all units.
